Homespace Corp. to receive the Ford Friendship Express van donation in 2010

Homespace is happy to announce that they have been chosen as a recipient for the annual Ford Friendship Express van donation program. The following highlights the fabulous donation from the Western New York Ford Dealers:

“This year we have good news...your organization was selected to receive a 2010 8-passenger Ford Friendship Express van, courtesy of Western New York Ford Dealers! Congratulations!” The van is scheduled to arrive in late May.

Homespace is a not for profit organization serving young pregnant and parenting families age 14-21 that are placed in the foster care system due to abuse and/or neglect.

Homespace provides not only a safe and nurturing living environment for these young families but also comprehensive services to assist them in developing their Independent Living Skills, increase their interpersonal and emotional maturity, and stop the cycle of abuse/neglect and dependency on community financial support. Homespace works to change two generations at a time.

The donation of an 8-passenger van will allow the agency to provide families with safe and reliable transportation to and from medical, mental health, and educational/vocational appointments as well as increase the use of community donations and the WNY Food Bank.
